REMARKS

The earlier-filed Response was submitted (responsive to the Final Office Action of 12 December 2005) with supporting Declarations of four co-Inventors (out of the five named Inventors) who were available at the time to Atheros Communications, Inc., the Assignee of record. The unavailability of the fifth Inventor, Jeffrey Scott Kuskin, was attested to on behalf of the Assignee by the supporting Declaration of Janice Baker.

Inventor Kuskin has since become available, and his Declaration Under 37 C.F.R. § 1.131 is now submitted in support of the subject Patent Application. The supporting Declarations of all the named Inventors having now been submitted in full concurrence Under 37 C.F.R. § 1.131, it is believed that the subject Patent Application has been placed even more firmly in condition for allowance, and such action is respectfully requested.

Respectfully submitted,
For: ROSENBERG, KLEIN & LEE
